PUSD Board Presents New Policy Proposals

PLACENTIA — A proposal from the Placentia Unified School District Board of Education regarding rules and regulations, salaries, fringe benefits, working conditions and policy, has been presented to the Certificated Employees Council.

A cover statement to the proposal states that the board has no intention of entering into any type of agreement or contract with the teachers organization and further has no intention of agreeing to any type of final and binding arbitration.

The board has also proposed to raise fringe benefits from the present \$212 per employee to \$600 per employee. These benefits include a choice of medical health protection, life insurance, dental coverage, income protection a tax sheltered annuity or any combination thereof.

By action last week the board

froze all salaries at their present level starting at a base of \$7,300. The freeze will remain in effect until further information is available on how much money the district will have later this year.

Many of the proposals sections are similar to those which are in force this year, with the exception, according to Superintendent Murrell Miller, those areas possibly or actually illegal.

Under quality education there is a general statement that pupil-teacher ratios, class size and teacher load are recognized as prime factors. It is proposed that the CEC and the board representative meet to study, analyze and recommend ways to adjust class size.

The proposal contains the same emergency change proposal as the previous years policy statement.

PUSD Board Will Meet On Saturday

PLACENTIA — Members of the Placentia Unified School District Board adjourned at midnight Monday until Saturday afternoon at 2 o'clock. They will meet in special session to continue work on a tentative budget to be presented at the regular Monday night meeting. The principal item on Monday night's agenda was the purchasing of another school site for the congested north-west section of the city. The plan was approved with a two to one vote but which cannot be considered final because the vote of only two members may be insufficient to pass the measure. Whether the measure passed or not will be decided at Saturday's meeting.

Howard Herbert and F. Robert Harkness voted in favor of the site acquisition with Dr. Ralph P. Ruth, clerk, voting no. Dr. Ruth felt that the Topaz site should be utilized and that additional classrooms be built onto the existing schools in the north-west to accommodate the 500 plus students anticipated for that area.

It was agreed by all board members that the Topaz site be retained for school construction in the future.

In other action the board authorized entering a Joint Powers Agreement for the formation of a Regional Occupation Program. Participating school districts will be Placentia Unified, Anaheim Union High School, Fullerton Union High School and Brea-Olinda Unified School.

Deferred was the acceptance of a board policy statement regarding racial imbalance on the equality of educational opportunity. It was suggested that the one-page statement be broken into four more readable segments and presented at the regular meeting.

Darrell Dalton Resigns As Administrator

YORBA LINDA — City Administrator Darrell Dalton submitted his resignation to the City Council last Tuesday evening effective July 9.

Dalton, the only administrator Yorba Linda has had, will return to his old post of Assistant City Administrator in the City of Cypress at a salary of \$23,000 per year, a slight raise over his present salary.

In a letter to the council, Dalton said he was leaving because of "limited potential for professional advancement."

Councilmen met Saturday to discuss methods of choosing his successor.

Yorba Linda Council Approves New Budget

YORBA LINDA — A budget totalling \$732,250 was approved by the City Council at its regular meeting Monday evening. The budget projects a reserve fund in June 1972 at \$180,737.

Among changes in service level will be a cutback in street sweeping to every four weeks. New funds have been appropriated for street striping, park and parkway maintenance, and road maintenance.

The recreation program will be expanded to include three schools and a continuous winter program. Also included in the budget is a new full time secretary to the

planning director.

As in the past three years of its existence, Yorba Linda will have no property tax rate.

In other action councilmen voted to change the meeting place of the council to the new community room in the library but did not set a date for the move.

Councilmen also chose a city seal modeled on the seal used by the Nixon Birthplace Foundation featuring a drawing of the birthplace of the president.

Councilmen agreed to meet with representatives of the Placentia City Council to work out boundary problems on June 26 at 2 p.m. Councilmen Rudy Castro, and George Machado and Planning Director Brian Hawley were appointed to the council committee.

Councilmen also agreed to ask the state to place street lights at intersections along Imperial Highway and approved the placement of a stop sign on Avenida Puesta Del Sol at Avenida Rio Del Oro in the eastern part of the city.

City Council Names Three To Boards

PLACENTIA — Three appointments to boards and commissions were made last week and one resignation accepted by the City Council at its regular meeting.

Howard Topp was appointed to the Planning Commission, Josh White to the Personnel Appeals Board and Bill Brown to the Board of Zoning Administration.

R.J. Hubalck resigned from the Personnel appeals Board because he is moving out of town. He had also served on the Placentia District Library Board of Trustees.

Budget Approved By Placentia City Council

PLACENTIA — A budget totaling \$2,563,534 was approved by the City Council at its regular meeting last Tuesday. A tax rate will be set later in the year when the assessed valuation becomes known.

The budget shows a slight decrease from last year since several major street projects and the HUD storm drain project do not appear this year.

Councilmen also created a five member Industrial Commission whose purpose will be to propose plans for the development of industrial property in the city.

In other action the council voted to support a library district annexation, approved an

agreement with the Chamber of Commerce, and set June 26 as the date for interviewing applications to teenage position on city commissions.

YL Library Dedication Set June 27

"The big push is on," stated Gerald Hendricks, director of public works and City engineer, of Placentia when groundbreaking ceremonies were held Tuesday, June 15 for the HUD storm drain project.

Present as the project got its initial start were representatives of the various agencies affected and some of the citizens who will profit from the drainage project.

The first street to be partially closed when the work starts officially, July 6 said Hendricks will be Tuffree, with access being available for residents as well as those persons who use Tuffree Park.

Luncheon was served at the Alta Vista Country Club

following the affair at Kraemer and Yorba Linda Boulevards, with the following persons in attendance: Mayor Robert Finnell, Councilman Richard Demmer, Councilman Jack Gomez, City Administrator Edwin Powell, Contractor Mark Dakovich, Mrs. Sherri Shields, representing the office of HUD (Housing and Urban Development); Hugh Berry, Fullerton planning director; Gene White, representing Supervisor Phillips office; James Park, purchasing agent for the city; James Sims, fire chief; Mrs. Betty Bradford, administrative secretary; Mrs. Carol Ellis, secretary to Hendricks; Director Hendricks, and members of the press.

Placentia Councilman Jack Gomez, in tractor, watches as Contractor Mark Dakovich, City Engineer Jerry Hendricks, HUD representative Sherry Shields, Mayor Robert Finnell, Councilman Richard Demmer, and Fullerton Planning Director Hugh Berry break ground for the new HUD storm drain project to be constructed in Placentia and Fullerton.

City Awaits Printing Of New Economic Profile

Two important pieces of business were announced as practically completed by the Chamber of Commerce in recent weeks. One is the Community Economic Profile (Industrial Survey), which must be updated every two years. The profile has been sent to the state offices, but printing the profile for use by the general public awaits, according to President

Bradford of the Chamber, pending communications with the city, as to financing the printing, estimated to be about \$2,000.

City Maps, under the directorship of Gordon George, who has been working on them for several months, are in most instances completed, but await final printing, until all annexations to the city have been finalized.

Whiplash! Threat To The Innocent Repeated

Dr. Donald Brinkley, of the Brinkley Chiropractic Centers, has for some time now warned of the severe consequences of the whiplash injury. Because of his concern, he has hailed a column that appeared in the Arizona Republic by Dr. P. J. Steincrohn.

Dr. Donald Brinkley

"We need evidence of damage).

more, many more, articles such as the one by Dr. Steincrohn, under the column 'A Doctor's Views' on this serious whiplash problem," stated Dr. Brinkley.

So enthusiastic is Dr. Brinkley about the column that he has chosen to repeat as much of it as space will permit here:

"Whiplash! It deserves an exclamation point. Of all injuries, it is near the head of the list in its lightning-like strike at the innocent.

"When you are driving your car you are at least semi-tense and mentally alert. But when you sit quietly waiting for a light to change, completely relaxed physically and mentally, you are at the mercy of the sudden, sickening jolt from behind which lashes your head backward (or backward and forward) on the top of your spine."

"The result is an acceleration injury. Although it is true that some complications are a convenient and imaginary damage which serves as a basis for litigation, you can be sure that in most instances the innocent sufferer has sustained painful after effects which may last for months or years. (Even though litigation is over and X-rays and other examinations may not uncover

"Injury may be caused even in low velocity accidents because the head and neck accelerate with much greater speed and force than the car itself. Studies continue to be made on the causes and management of whiplash (extension - flexion injury to the neck). Even rabbits and monkeys are being used in experiments. These already indicate that microscopic evidence of nervous system hemorrhage in the cervical (neck) spine may occur even when X-rays fail to disclose any major injury."

"In rabbits, investigators found that there was also damage to the middle ear - which may be one reason why, in humans, there are complaints of dizziness, headaches and loss of equilibrium. Other symptoms are blurring of vision, nausea, and of course neck pain, muscular spasm and limitation of neck motion...

"One way to prevent severe injuries is to have specially built carseat extensions to lessen sudden extension - flexion of the neck. But until we do we can only hope and pray that some careless driver doesn't give us a sudden shove from behind and the consequent 'pain in the neck.'"

Further information regarding this problem can be had by writing the News-Times, P.O. Box 10, 130 N. Bradford Ave., Placentia, Calif. 92670.

More information is available in the summer recreation brochure or from the department at 528-1146.

Fullerton Fireworks Show Is Scheduled For July 4

The annual fireworks show of the Fullerton Junior Chamber of Commerce will be held at the Fullerton Stadium, Sunday evening July 4, it was announced by Joe Tatman, committee chairman.

Funds realized from this project are used exclusively for the many civic and youth activities sponsored by the Junior Chamber in the area.

A drive for ticket sales will begin shortly and will be handled entirely by members of the Junior Chamber. In past years both business and the general public have been generous in the purchase of tickets and attendance. As a result it has been possible for the Junior Chamber to provide civic functions along with beneficial activities to many juveniles.

Random Shots by Jessie Pound

Now that we have you dressed and in the mood for your portrait, there are two more important items to discuss - make-up and hair.

Imperfect make-up and flyaway hair are not too noticeable in motion, but when the action stops each hair and imperfection shows up.

In any portrait, the eyes are the focus of interest, so if you are applying eye make-up it must be done carefully especially for color. Use mascara lightly - blend eyeshadow smoothly - keep eyeliner light and even.

In a black and white portrait, heavy eyeshadow will show up as a white or gray smudge depending on the color so go easy.

False eyelashes tend to make your eyelids droop if they are too heavy.

If you don't wear make-up, we like to use a touch of 'Erase' to soften blemishes and a touch of translucent powder to soften the shine. A slightly matte finish is better than the popular high shine. In your portrait we want good hi-lites but not glare.

For a color portrait, blend a little lipstick high on the cheek bones and be sure your lipstick color blends with your clothing colors.

Only one word on hair - arrange it in the style you wear most of the time. DO NOT try out a brand new hair style you have never worn before. Your portrait will not look like you and you will probably be disappointed.

And, men, if you wear your hair in the longer styles, have it trimmed or shaped to eliminate the 'duck tail' that will invariably pop up under one ear. If you are not sporting a beard be sure to have a close shave on the day of your portrait.

Sandra Hanolt Becomes Wife Of Daryll Thomann

Sandra Ilene Hanolt and Daryll Louis Thomann were united in marriage Saturday, June 19 in the Chapel of Recollection at Knotts Berry Farm with Rev. Williams officiating.

Miss Hanolt is the daughter of Mr. and Mrs. Elmer Hanolt of Placentia, and the bridegroom is a member of the Placentia Police Department.

Bridal attendants were Linda Talman and Joan Hanolt, sisters of the bride and a friend, Marilyn Gmytre.

Lt. Walter Pichon of the Police Department acted as best man. Following the nuptial service a reception for 175 guests was held in the Town Hall at the Knotts Farm.

The bride was dressed in a white floor length gown fashioned with lace applique with a sweetheart bodice. Flowing from the skirt was a long train. Her veil was elbow length of baby yellow roses and daisies.

Experiment In Math Discussed

An evaluation of the staggered-day reading and math programs at Acacia School was given at the June meeting of the Fullerton Elementary School Board. Over 70 per cent of the parents liked the program but many of those who opposed it did so because of the disruption of the day's routine reported Dr. Alan Elliott and Frank Cosca, Acacia principal.

Acacia was selected along with Hermosa School for the experimental pilot program. A comparison of the children participating in the program against a control group showed that reading and math scores did improve, it was reported.

The plan provides more individual instruction with team teaching and youngsters were allowed to progress at their own speed.

Mrs. Nancy Enell did the statistical work on the project.

Among the new officers of the Yorba Linda Junior Womens Club are, from left, Mrs. Terry Huff, treasurer; Mrs. William Riethmeier, president, and Mrs. Dieter Kroenlein, first vice president.

Brea Baby Shower Held For Mrs. Ellis

Mrs. Stephen Ellis, a former Placentian now residing in Ventura, was honored recently at a baby shower given for her by her sister-in-law Mrs. Dennis Ellenberger of Brea. The party was held at the home of Mrs. Everett Ellis, 301 East Fir Street, Brea, the mother-in-law of the honored guest.

The Ellis home was beautifully decorated in colors of white and yellow, with a cake decorated with a stork and umbrella using the same color theme. The table centerpiece was an attractive flower cart arrangement filled with white and yellow daisies.

A cool and refreshing luncheon was served featuring the cake and

punch for dessert. Fifty guests, which included relatives and close friends attended.

Mrs. Ellis, the honored guest, was Miss Placentia for 1966 and is the daughter of Mr. and Mrs. William Vorderkuntz, 250 San Carlos Way, Placentia.

Mormon Congregation Watches Film About Indian Placement Program

"Go, my Son", a film strip telling of the Indian Placement Program in the Church of Jesus Christ of Latter-day Saints, was shown at a meeting last week in the Fullerton Stake Center, 210 Livingston, Placentia.

Attending were about 30 families and their foster Indian children who spend the school year here then return to their own families for the summer. Also in attendance were prospective foster families who are interested in taking an Indian child into their homes for the coming year.

Speakers were Mrs. Douglas Chase and her foster child, Alfred Clark, Findley Pearce and Loring Johnson, all of the Placentia Yorba Linda area; Dr. Stephen Clark and his foster son, Bob Ironroad of North Dakota, representing the Brea-La Habra area; Mrs. Don Anderson and Mary Ann Yellowhorse, Mrs. Edgar Chester and Delvina Lewis, and Wayne Lambourne, all of Fullerton.

Indian students were presented awards for their activities in the church and in the cultural hall some of

the crafts made by the students during the school year were displayed. Also shown were art work and some of their best school work.

Trophies won by Ironroad during his three years at Sonora High School were also displayed. The outstanding athlete was named CIF champion in track and most valuable track team member. He will be returning in the fall as a senior at Sonora.

The film told of the reactions of the Indian children's parents who allow their children to leave home for the better part of the year. They said they could see favorable changes in the development of their children. The film also showed that the learning experience is two-way with the foster families and the children gaining an appreciation of the other's culture.

Chamber Changes Method Of Installing Officers

Change in the usual plan of installation of officers for the 1971-72 year of the Chamber of Commerce was presented by the President, A.S. "Bud" Bradford, at the June meeting Thursday at Alta Vista Country Club.

In previous years a banquet was held for this purpose in mid-summer, but, according to Bradford the executive committee decided to hold Citizen of the Year, and installation at the same time in early fall, probably in October.

Another change in the Citizen of the Year program

was noted. Two persons, both a man and woman will be chosen for this honor. Previously only one person was chosen.

"The choice of a man or woman to be a Citizen of the Year," stated Bradford, "will include not only residents of Placentia, but persons who work in Placentia."

"We feel," continued Bradford, "that many outstanding persons work in Placentia, and spend the greater portion of their day here and should be recognized as good citizens of the city."

Mr. and Mrs. Tony Kacura

Marty Diaz Marries Tony Kacura At Inn

Two Valencia graduates became man and wife May 29 when Marty Anna Diaz and Tony Kacura exchanged vows at the Newport Inn.

The ceremony, held in the Inn garden, was presided over by Reverend Jim Thompson of the Placentia Presbyterian Church.

An old-fashioned style, floor-length, white eyelet gown with puffed sleeves and a high neck, was selected by the bride for the ceremony. A white-veil designed and made by the mother of the bride completed the bride's attire. She carried a basket of mixed summer flowers.

Maid of Honor, Diane Donobedian, wore a full-length pink and yellow flora print dress with yellow accessories and completed her ensemble with a pink parasol-style basket with yellow daisies. Bridesmaids Roxanne Behringer and Karen Whipple wore identical costumes.

Flower girl, Diana Diaz was attired in a floor-length yellow daisy print dress and

carried a basket of yellow and white daisies which she gave to guests as she walked.

Rhett Bray served as best man with Donald O'Can, Steve McLoon and John Kacura acting as ushers. Gaye and Brett Kacura served as keeper of the guest book and ringbearer respectively.

Approximately 150 guests attended the post-wedding reception in the Newport garden.

The bride is the daughter of Mr. and Mrs. Elbo E. Diaz of 213 Breting Way, Placentia. The former Miss Diaz is a 1970 honor graduate from Valencia where she served as Girls' League president and was a member and officer of the National Forensic League.

The groom is the son of Mr. and Mrs. Joseph J. Kacura who reside at 19672 Larkridge in Yorba Linda. Tony is also a 1970 Valencia graduate and was active as class and student vice-president; was a member and captain of the track team and was named 1970's Boy of the Year.

The couple will continue their educations. Mrs. Kacura attended Cal State Fullerton while Kacura attended Cal State Long Beach this year, and will reside at 129½ Primrose in Placentia.

Chamber of Commerce Holds Elections

Donold Wright of Dew Container Company was re-elected to the Board of Directors of the Placentia Chamber of Commerce. Wright has filled an

unexpired term of directorship following a vacancy.

Three other men were elected. They are Gordon George, who had previously

served on the board. He represents the Southern California Water Company. Raul Lomas, manager of the Placentia-Yorba Linda branch of the Security Pacific National Bank and Sal Salgado, owner of the Heirloom antique refinishing and builder of custom furniture. These men will serve through the year 1974.

Because no quorum was present at the meeting held Thursday, June 17 at the Alta Vista Country Club, the president, A.S. "Bud" Bradford, asked that the rules be suspended, and the new members be allowed at the meeting to assume their positions as voting directors. By consent of

directors present this was done.

Holdover members of the directorships are T.A. Shinn, Jr., term expiration, 1972; Tom Shipkey, 1972; Oz Rotherham, 1972; A.S. Bradford, 1973; James Sumrow, 1973 and William Beggerly, 1973.

RALPHS AD OF 6/24

No prices are lower prices than prices Explained!

You've heard our statement and you've probably heard our guarantee but do you really know what it means?

It means simply what it says: We guarantee that no everyday supermarket prices are lower prices than Ralphs prices on identical items or identical product quality (excludes weekly advertised specials).

We keep a constant watch on the prices of other supermarkets and if we (or you) should find an item with a lower everyday price than ours (heaven forbid), we'll match it. Ralphs feels that it's the everyday prices that affect your food bill the most. So, in order to lower your weekly food bill, we guarantee "No prices are lower prices than Ralphs prices."

Astros Continue To Lead City League

Going into the last week of play, the Major League Astros of the Placentia Little League have a slim one-half game lead over the Expos and Red Sox. Pending the outcome of a White Sox-Astros tie to be completed this week, the Astros, Expos, Red Sox, and Senators all have chances at the title.

In the Minor A National Division, the Twins hold a one-game advantage over the tied Dodgers and Giants — all three of whom have chances at the divisional championship. In the Minor

A American Division, the Cards, Reds, and Yankees — separated by just one game — all have title chances.

The Minor B Eastern Division shows the Chargers, Jets, and Rams all knotted up at six wins and two losses each, with just two season games remaining. In the Minor B Western Division, the Chiefs have already clinched the title with a record of eight wins and no losses — best record in any league.

The Major spotlight this week falls on three pitchers. Max Alarid of the Astros pitched a no hitter against the Mets on Wednesday, winning 1-0, striking out 11. On Saturday, Ken Coughlin of the Red Sox held the Expos hitless, winning 5-0. Also on Saturday, Ted Phillips of the Mets, pitching in only four innings, struck out 12 of the Pirates to assist in a Mets victory.

PUSD Home Ec Program Praised by Mrs. Stone

The new home economics programs instituted at El Dorado and Valencia High Schools this past year as a result of a survey conducted by the teachers has received praise from Mrs. Dorothy Stone, state supervisor of home economics, according to District Superintendent Murrell M. Miller. He also stated, "The Placentia approach to the teaching of Home Economics was also

well received by a recent seminar at Long Beach State College."

Under the co-chairmanship of Mrs. Pat Hedges of Valencia and Mrs. Ann Bergan of El Dorado, the local home economics teachers conducted surveys of recent graduates, parents, and employers with over forty replies from each group being received. As a result, existing course offering were made more meaningful and new courses in the areas of home nursing, home furnishing, child care, and child care services, were introduced at both Placentia high schools.

Necessary equipment for the new classes was purchased through federal vocational education funds awarded the Placentia Unified School District under V.E.A. Part F Legislation, and indications are that additional funds will be available for a further expansion of the program again next year. Pre-enrollment for home economics classes indicates a considerable increase in interest for next year at both district high schools. Also working on the project were Mrs. Barbara Smurr and Mrs. Mildred Walls.

QUESTIONS & ANSWERS REGARDING CHANGES IN Fictitious Firm Name Law

Question: What is a Fictitious Name?

Answer: A Fictitious Name is one that does not include the surname of the operator or one that implies the existence of other owners; (such words as "Company," "& Company," "& Sons," "Associates," "Brothers," but not words that merely describe the business being conducted. Or, a Corporation, if it includes a name other than the name given in the articles of incorporation.

Question: Who needs to file a fictitious firm name?

Answer: All firms operating under a fictitious name for profit and it must be done under the new law by July 1, 1971.

Question: Does this include business established for many years?

Answer: Yes, although the new law does not become effective until July 1, 1971, businesses may re-file from now until June 30, 1971, preferably the sooner the better to avoid an anticipated rush as the due date draws near.

Question: Do all firms have to re-publish their statement?

Answer: The statement must be published if there has been any change in the information contained in the original statement, but need not be published if there has been no change in the information shown on the statement. File a new statement on or before December 31 of the fifth year after the year in which the original statement was filed.

Question: Where do fictitious names have to be published?

Answer: Publication of the statement must be made once a week for four weeks and begun within 30 days of filing, in a newspaper of general circulation in the county which circulates in the area in which the business is to be conducted.

Question: What is the purpose of the fictitious name procedure?

Answer: On July 1, 1971, the present code sections setting up the Fictitious Firm Name procedure (Section 2466, et seq. Civil Code) are revoked and new code sections (Sections 17900 to 17930 Business and Professions Code) replace them. The law was enacted to protect the consumer in enabling him to find out the person or persons with whom he is really dealing. If a new statement is not filed no person transacting business under the fictitious business name may maintain any action upon or on account of any contract made, or transaction had, in the Fictitious Business Name in any court of this state.

Question: What are the fees?

Answer: The new law calls for \$10.00 filing fees, plus publication costs, if necessary to be published.

Question: Where can fictitious name forms be obtained?

Answer: The Office of the County Clerk, Probate Division, Santa Ana Courthouse. Also The News-Times, a legally adjudicated newspaper. We will be happy to assist you in filling out and filing the necessary forms with the County Clerk.
